- ✓ Students in **Grades 2-8** should supply one plain colour duotang with looseleaf paper for French. Please label 'le français'.
- ✓ Please **do not** purchase French-English dictionaries. They will be supplied by the teacher.

ART

- ✓ Some items in the 'Shared Supplies' sections are used for art class. They are kept together for ease of transport to the art classroom.

PLEASE NOTE:

- ✓ A **Bible** of the correct version will be supplied to your child out of the curriculum fee you pay at the beginning of the year. You do not need to purchase one.
- ✓ **Label** all supplies except those in the 'Shared Supplies' section. Use a permanent marker so that the name will not rub off.
- ✓ **Send** supplies on the first day of school.
- ✓ All students will need **clear mac tac** to cover consumable books. This protects them from damage and gives them a longer life.
- ✓ Please purchase school supplies of **good quality**. Low-end school supplies get used up faster or do not function the way they should. This can prevent students from participating properly in class.

IMPORTANT!

Please check with your child periodically throughout the school year to be sure they have all of the appropriate supplies. Teachers usually have a small supply of extras on hand to loan, but they are not required to provide the students in their classes with school supplies.
